FAQs

The FAQs are updated regularly. If necessary, you can also find answers as a prospective student on the FAQ page of our general student advisory service (https://www.thws.de/studieninteressierte/faqs-fuer-studieninteressierte/) or in the application of our CampusPortal on the FAQ pages of the THWS CampusPortal (https://www.thws.de/studium-an-der-thws/studieren/campusportal/).

If your specific question is not answered, please contact us via our contact form (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/hilfe-und-kontakt/#c21888).

General examination deadlines for studying at THWS

Bachelor's Degree Programs

Consecutive Master's Degree Programs

Fee-based Master's Degree Programs in Continuing Education

Closing remarks

The above presentation is a simplified representation of the examination deadlines at our university. The examination deadlines that apply specifically to your degree programme can be found in §8 (for Master's degree programmes) or in §9 (for Bachelor's degree programmes) of your Study and Examination Regulations (SPO) in the section "Standard dates and deadlines".

If you have any further questions, please contact our Student Services via the contact form (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/hilfe-und-kontakt/).

Application & Enrollment:

Show all | Hide all

1. Are certificates from other universities (e.g. grade confirmations, counselling interviews, etc.) accepted?

In principle, we recognize certificates from other universities as long as they are equivalent. Please upload them when applying. We will contact you if you have any questions or problems.

2. I am still missing my average grade, by when does it have to be submitted?

In principle, we need your average grade for Bachelor's degree programmes by 15.01 or 27.07 and for Master's degree programmes by 15.01 or 15.08 of the respective application year. There may be deviations for non-restricted degree programmes, please contact us.

3. Do I have to complete a pre-study internship, by when and with what requirements?

Each degree programme regulates itself whether a pre-study internship is required and by when and with what content it must be completed. More information can be found in the THWS study programme portal (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/studiengaenge/).

4. My VPD has been applied for, by when do I have to upload it?

The VPD must be submitted by 15.01 or 27.07 of the respective application year. There are exceptions for degree programmes with open admission. In this case, please contact us by email using the contact form (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/hilfe-und-kontakt/).

5. Can I apply for several degree programmes?

You are allowed to apply for several courses of study and can then choose your course of study if there are several admissions. Enrolment is then actually only possible in one degree programme. Special feature: For restricted-admission degree programmes under hochschulstart.de (https://www.hochschulstart.de), the number of applications is limited to 12 applications.

6. How can I upload more than eight documents?

If you want to upload a lot of documents, please combine several documents in a meaningful way and name them clearly.

7. My information about the previous studies was returned as incomplete, what should I do?

Please enter all previous study periods at both German and foreign universities here. Please also take into account study periods at THWS. Then submit the application again.

8. Is there personal enrollment?

After successful admission, accept the study place in the THWS CampusPortal (https://www.thws.de/studium-an-der-thws/studieren/campusportal/) within the enrolment period (cut-off period!) via the button "Apply for enrolment" and follow the steps through the online enrolment.

Please read all the steps to be followed on the page Information for first-year students (/studium-an-der-thws/studienstart/erstsemesterinfos-veranstaltungen/).

9. My processing status does not change in the THWS CampusPortal, is there an error?

During the application period, a large number of applications are received, which are examined. In this respect, the processing times during the application period may be somewhat longer. If the status does not change for more than two weeks, please contact us via the contact form (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/hilfe-und-kontakt/), stating the degree programme and your applicant number.

10. When will I receive my letter of admission?

Once you have been admitted, the letter of admission will be made available for download in the THWS CampusPortal (https://www.thws.de/studium-an-der-thws/studieren/campusportal/).
The notification will not be sent by e-mail or post!

Please note that in *NC degree programmes outside of hochschulstart.de* (usually NC Master's degree) as well as in *degree programmes with an aptitude test* (Bachelor's degree in Architecture and Bachelor's degree in Communication Design), you must accept the offer in the status "Admission offer has been submitted" with the "Accept offer" campaign before you receive admission (with letter of admission).

11. My previous degree programme is not listed in the list of degree programmes in the "Previous studies" section of the applicant portal.

If your previous degree programme is not eligible, please choose a closely related degree programme. The course of study should be recognizable by your uploaded transcript of records.

12. Should I apply even though I don't have a certificate yet?

Please be sure to apply, even if you do not yet have your certificate, otherwise the application deadline may expire. Your application will be given the status "provisionally excluded" because information/documents relevant to admission are not yet available. You can add to your certificate and any other missing documents at any time within the late submission period by withdrawing your application application, uploading the relevant documents and submitting the application again.

13. How do I apply for a guest study?

A request for a guest study program is made in writing with an application form.
Please inform yourself about the regulations first at the Student Services Office, as there are special conditions for guest studies (e.g. no participation in examinations, etc.).

14. Does my degree programme require language certificates and if so, which ones?

All required language certificates can be found in the corresponding information sheet (/fileadmin/redaktion/dokumente/HSST/Infobl%C3%A4tter/250320_Infoblatt_Sprachnachweis.pdf).

15. I would like to study two degree programmes at the same time, is that possible?

In principle, studying several courses of study is only possible in exceptional cases and requires the approval of the responsible faculties. You can find out more in the information sheet on parallel studies (/fileadmin/redaktion/dokumente/HSST/Infobl%C3%A4tter/230309_Infoblatt_Parallelstudium.pdf)

16. Is there a semester ticket at THWS?

All information about the semester ticket can be found on the THWS Card website (/beratung-und-service/studentisches-leben/thws-card/).

17. When will I receive my access data for the use of the THWS IT infrastructure as a sign of final enrolment / enrolment?

If the processing status of your application has changed to "enrolled" (at the earliest 4-6 weeks before the start of the semester), IT access data will be provided to you in the THWS CampusPortal (https://www.thws.de/studium-an-der-thws/studieren/campusportal/)in the so-called account letter within the following 48 hours, but no earlier than three weeks before the start of the semester. From this point on, you will be able to use the IT infrastructure of our university.

To retrieve the account letter, log in to the THWS CampusPortal with the access data of your application. The account letter for your student account is available for download under "My Studies -> Student Service -> Notices/Certificates".

18. When will I know if my application for an NC Bachelor's degree programme is successful?

Admission offers are determined by Hochschulstart in a highly dynamic process, whereby the prioritization by the applicants plays a major role. Since the chance of admission depends to a large extent on the acceptance behavior of the applicants, no statement on the part of the university is possible here and the applicants have to be patient.

Even if you receive a rejection letter at the end of the coordination phase due to too low a ranking number, there is still the possibility of receiving an offer of admission via an internal university succession procedure from mid-September to mid-October at the latest, if there are still free places to be awarded.

Examinations, course of study and teaching:

Show all | Hide all

1. What examination deadlines do I have to observe as part of my studies?

A simplified description of the examination deadlines to be observed can be found under General examination deadlines for studying at THWS (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/faqs/#c121005)

2. I am sick during the exam period, what should I do?

If you have a deadline to take an exam, the Student Services Office requires the completed "Application for Deadline Extension / Examination Deregistration" and a medical certificate immediately (within 1-2 days). Please pay attention to the specific details of the certificate (information on this in the application)

3. A grade is missing or there is an error in my grade information, what should I do?

In these cases, please ask the Student Services Office.

4. My data (address, name, etc.) has changed, where can I enter this?

You can easily change your contact details in the THWS CampusPortal (/studium-an-der-thws/studieren/campusportal/). In the event of name changes, please contact the Student Services Office with appropriate proof.

5. I have changed my health insurance company, where can I report it?

If you change your health insurance provider, please contact your new health insurance company and ask them to send us a new digital insurance certificate.

6. I forgot to register for the exam or did not fill it out completely.

Please contact the Student Services in good time. The examination board will then decide on a late registration.

7. When will the exam results be published?

The publication date for examination results is determined in the official schedule of the examination board (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/#c21967). In exceptional cases, there may be delays in individual inspections.

8. I have a third-party examination, what can I do in the event of exmatriculation?

If you are threatened with exmatriculation, please apply for another degree programme before the examination within the application deadline (if you would like to continue studying with us). It is important that you have a plan B, as an application is no longer possible **until the** exam results have been announced.

9. How do I find out how my application for an extension of the deadline / exam cancellation has been decided?

You can recognize the approval of an exam cancellation in the THWS-CampusPortal by the fact that the registration for the exam in question has been deleted by HSST. You can see the approval of the deadline extension from the transcript of records, which is also available in the THWS CampusPortal. In the event of rejection of an exam cancellation or extension of the deadline, a notification will be sent to you by post to the address known to us.

10. I would like to do an internship semester, what do I have to do?

Your study and examination regulations (SPO) regulate the requirements that are required. We need a copy of your contract before the start of the internship.

11. How can I take a leave of absence from my studies?

Please fill out the application for leave of absence (for family or other reasons) completely and submit it to the Student Services Office (HSST).

12. I would like to improve the grade of a passed subject, how can I apply for this?

A grade improvement must be applied for with the application for grade improvement (/fileadmin/redaktion/dokumente/HSST/Formularcenter/Antrag_Notenverbesserung-2025.pdf). Please note that with the approval of the grade improvement, the exam registration in the THWS CampusPortal is done by the Student Services Office (HSST).

Attention: The entitlement to grade improvement usually expires 6 months after the first attempt of the examination, i.e. the application must be submitted in the following examination period. An extension of the deadline is excluded in this context.

13. I had an accident at the university or on the way to/from there, what should I do?

In the event of an accident (at the THWS, at THWS events, but also on the way to the THWS or on the way home), please fill out the accident report for students (/fileadmin/redaktion/dokumente/HSST/Formularcenter/Unfallmeldung_Studierende.pdf) and hand it in to the University Service. In the event of a commuting accident, we also need the questionnaire commuting accident (/fileadmin/redaktion/dokumente/HSST/Formularcenter/Wegeunfallfragebogen.pdf).

14. Where can I get a certificate of achievement for the BAFöG office?

The responsible BAföG office will give you the necessary forms and periods, which we will then be happy to fill out or confirm with you. The form itself can also be found in the form center of the Student Services Office (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/formularcenter/).

15. How can I give someone a power of attorney (collection of documents, information)?

You can use an informal, written power of attorney with signature to instruct third parties to collect documents from us.

16. I am pregnant, do I have to report it?

Information and the form for reporting pregnancy (/fileadmin/redaktion/dokumente/HSST/Formularcenter/Anzeige_Schwangerschaft_Gewerbeaufsicht.pdf) can be found in the Form Center of the Student Services Office (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/formularcenter/).

17. How do I apply for the Bachelor's thesis?

To register for the Bachelor's thesis, you first need a professor who will supervise your topic. Together with your supervisor, you will fill out the form for registering a bachelor's thesis provided by your faculty. This will be signed by you and your first supervisor. The requirements according to your SPO must be met. The registration form must be submitted before the start of the Bachelor's thesis (approx. 2 weeks).

18. Where can I find lectures and lecturer office hours?

All information about lectures, lecturers and courses can be found on the pages of your faculty. The Student Services Office has no information on this.

19. When will I receive a certificate of enrolment for the coming semester?

You can download the certificate of enrolment yourself via your account in the THWS CampusPortal (/studium-an-der-thws/studieren/campusportal/).

At the beginning of your studies, we will provide you with the certificate of enrollment for the first semester at least 14 days before the start of the respective semester after successful enrollment.

In the course of your studies, we will provide you with the certificate of enrollment after re-registration for the coming semester after debiting the semester fee.

Degree, exmatriculation and fees:

Show all | Hide all

1. I am finishing my studies this semester, do I have to re-register?

If it is foreseeable that you will finish your studies at the end of the semester, please do not re-register. If an unforeseeable delay occurs, it is possible to re-register by bank transfer immediately at the beginning of the next semester.

2. How long will I remain enrolled after completing my studies?

In principle, you will always remain enrolled until the end of the semester, even if you successfully complete your studies at the beginning of the semester.
However, in special cases, you can exmatriculate earlier upon request. As a rule, however, it is not a problem to stay enrolled until the end of the semester, even if you are already working.

3. By when does the last grade have to be received so that I can successfully complete my studies at the end of the semester?

You have successfully completed your studies when the final grade is published in the THWS CampusPortal. Please note that until the legally effective publication, there is also time for correction, the determination of the grade by the PK and the calculation of the grade.
As a rule, your last grade should be submitted to the Student Services Office three weeks before the end of the semester in order to enable you to graduate at the end of the semester. If the Bachelor's thesis is your last examination, it is best to discuss this with your supervising professor.

4. When will I receive my graduation certificate and how will I receive it?

After publication of the final grade in the THWS CampusPortal, we will start producing your graduation documents. We ask for your patience here, as the preparation and, above all, the signing of these documents takes some time.

After completing the documents, we will contact you again. Then you can pick up the documents from us in person (or through another person with power of attorney) during opening hours (https://www.fhws.de/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/hilfe-und-kontakt/).

5. How is the final grade calculated?

The final grade is calculated on the basis of the subject structure (taking into account the subject weighting) of your SPO.

6. I have applied for a Master's degree at another university, where can I get a certificate of the provisional final grade?

Please contact your contact person at the Student Services (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/ansprechpersonen/) Office.

7. How do I get a certificate of my studies for pension insurance?

Please fill out the certificate from the pension insurance (https://www.deutsche-rentenversicherung.de/SharedDocs/Formulare/DE/_pdf/V0510.pdf) with details of the course of study and send it to the Student Services Office.

8. How can I exmatriculate?

You can find the application for exmatriculation in our form center (/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/formularcenter/). Please note that retroactive exmatriculation is not possible.

9. Where can I get an overview of my student union fees?

You can request an overview of your paid student union fees from the Student Services Office.

10. When will my student union fees be refunded?

If a refund of the semester fee already paid can be made in accordance with the statutes of the Studentenwerk (https://www.swerk-wue.de/ueber-uns/grundbeitrag), this will be initiated by us ex officio. A separate application is not necessary.

11. What happens after my exmatriculation?

You have the option of contacting the General Student Advisory Service (/beratung-und-service/studienberatung/). She will give recommendations and show you options for the time after graduation.
