EXAM REGISTRATION

EXAM REGISTRATION

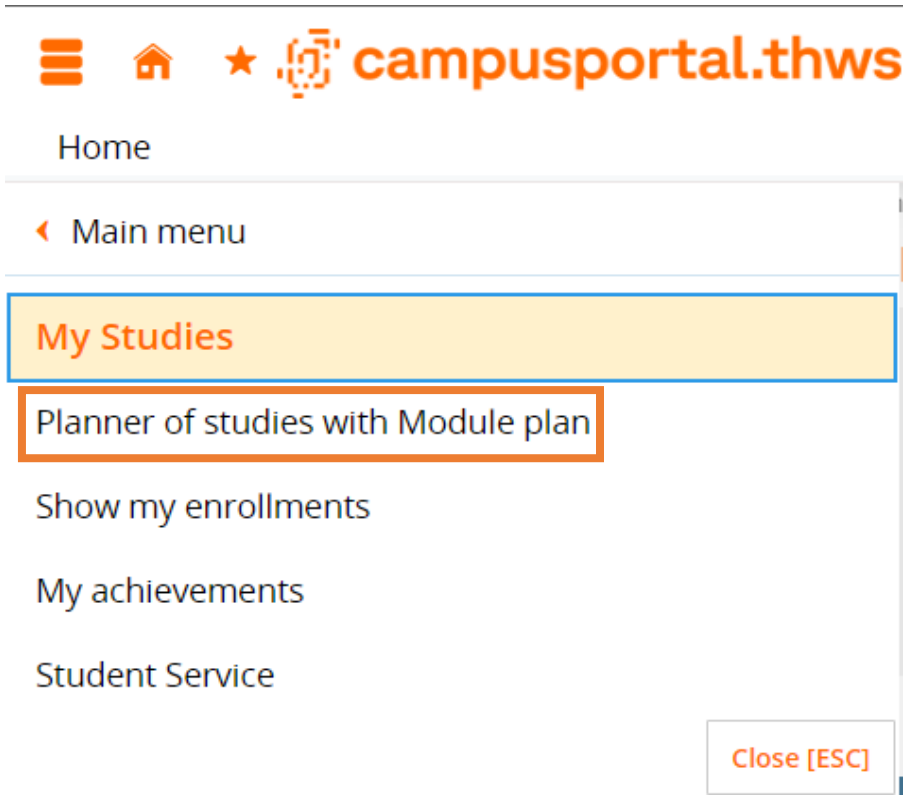
- ✓ When taking exams, please note the **standard dates and deadlines according your program's study and examination regulations**.
- ✓ Consider that you must fulfil all **particular admission requirements** (*besondere Zulassungsvoraussetzungen, bZv*) until the examination date.
- ✓ Particular admission requirements must be fulfilled within the periods determined by the lecturers.



EXAM REGISTRATION

- **What happens if I forget to register for an exam?**

- ✓ No right to take part in the examination at the end of the semester,
- ✓ A list of registered students will be put up in the examination room and only those whose students will be allowed to enter,
- ✓ No credits for the module. You can not receive any ECTS from that exam.

EXAM REGISTRATION

- **What happens if I fail an exam?**

- ✓ Generally, you have 3 (three) attempts in total for an exam (same for AWPF),
- ✓ It depends on your **specific SPO** (study regulations) (please look at it),
- ✓ https://www.thws.de/en/services-and-support/studying-with-disabilities-or-chronic-illnesses/laws-and-regulations/

- **Is it / or when is it possible to repeat exam(s)?**

- ✓ You can re-register for an exam in the next semester.
- ✓ Not by regular registration => via the from for improvement of grade.

IMPORTANT - ECTS (CREDIT) REQUIREMENTS

thws
Technical University
of Applied Sciences
Würzburg-Schweinfurt

!!!- *Please take attention on* ***newly implemented ECTS requirements*** *in the bachelor's degree programmes and the consecutive master's degree programmes* ***by the end of the 2nd semester (a minimum of 21 ECTS credits must be obtained)****. For bachelor's degree programmes, there is* ***the additional requirement that students must have achieved at least 66 ECTS credits by the end of the 4th semester****.*

Failure to meet the stated credit point requirements leads to immediate de-registration (exmatrikulation) by the end of the semester!

EXAM REGULATIONS

Important information for your registration and de-registration for exams. Please read carefully!

- ✓ **Registration and de-registration for exams** is conducted **by yourself in the THWS CampusPortal**. **These registrations and de-registrations are binding officially**. Thus it is important that you keep proof of this. You can access the document in your THWS CampusPortal under **"My studies/Show my enrolments"** on the up right side you can see **"Actions"** as **PDF file called "Registered courses and examinations".**

- ✓ **Save that PDF file after successful registration or de-registration for exams and store it securely.**

- ✓ **Complaints can only be processed upon submission of this document!**

- ✓ For this reason, please contact the **Department of Student Affairs(HSST)** in due time using the **contact form and attach this document!**

EXAM REGULATIONS

- **Your registration for an exam is binding** in accordance with the **section §32 of the General Examination Regulation (Allgemeine Prüfungsordnung, APO).**

§ 32
Registrations and cancellations of registrations for examinations

(1) [1]For each module in each semester, the student must register for the examinations through the Department of Student Affairs (HSST) within the period fixed by the examination board. [2]The details of the procedure are determined by the Department of Student Affairs (HSST) in agreement with the examination board and published throughout FHWS no later than two weeks after the start of the lecture period. [3]If an examination can be taken in German or in English, students make their decision when registering for the examination.

(2) [1]If the student does not register on time and in due form, an examination to which they have not been admitted is regarded as not having been taken. [2]The examination committee responsible may make decisions on exemptions from the obligation of registering on time and in due form. [3]Unless stipulated otherwise, admission is to be refused irrespective of a registration if a (particular) condition for admission to examinations is not fulfilled.

EXAM REGULATIONS

(3) [1]If a student does not take part in an examination for which they have registered the grade "non-sufficient" will be awarded unless the student has cancelled their registration for the examination through the Department of Student Affairs (HSST) at least two weeks before the respective examination date. [2]Cancellation in due time can be made without giving any reasons and results in the examination being deemed not to have been taken. [3]Failure to cancel in due time is equivalent to a cancellation in due time in the meaning of the second half of Sentence 1, if the failure to cancel in due time is due to reasons for which the student is not responsible. [4]The reasons for the failure to cancel in due time without being responsible for the failure must be reported to the Department of Student Affairs (HSST) immediately in writing. [5]If the failure to cancel the registration in due time is due to illness, a medical certificate that is in line with the specifications made by the examination board must be provided. [6]§ § 40 (1) Sentence 5 applies mutatis mutandis.

- This means that, due to the **binding nature of your registration**, each examination for which you **registered via the Campus Portal**, but **fail to take part/attend** will be given the grade **"non-sufficient" (= Grade 5 or "failed"), unless you cancel the exam (deregistration) via the Campus Portal no later 09.07.2025 before the start of the examination period (11.07.2025)** which is determined by the examination board and according through the academic calendar.

EXAM REGULATIONS

If you apply for **cancellation of the exam registration (=de-registration)**, you need to follow the rules below:

1- You can cancel an exam registration **without giving any reasons** **until Wednesday, 09.07.2025** via **THWS CampusPortal**. **After this date**, however, you can only cancel an exam registration by submitting the form **"Application for the extension of deadlines"** as well as **"Cancellation of exam registrations"** available in the form centre of the Department of Student Affair's (HSST) webpages.

Dear student,

*Please note that the registration for exams **starts on 01 May 2025 and ends on 15 May 2025** via THWS CampusPortal. For examinations (particularly written and oral ones) that must generally be taken during the official examination period (11 July – 01 August 2025), exam registration is **binding**. "Binding" means that you must register via THWS-CampusPortal for these exams that you want to take. At the same time, it also means that for these exams for which you have registered but then do not take part, you will generally receive the grade "insufficient" (= grade "5" or "failed").*

If you want to apply for grade improvement or reasonable accommodation (Nachteilsausgleich), you must make your application within the same period already mentioned above via contact form. Appropriate application forms are available in the form centre of the Department of Student Affair´s (HSST).

You can cancel an exam registration without giving any reasons until Wednesday, 09.07.2025 via THWS CampusPortal. After this date, however, you can only cancel an exam registration by submitting the form "Application for the extension of deadlines as well as cancellation of exam registrations" available in the form centre of the Department of Student Affair's (HSST) webpages.

*Please note that **new deadline regulations** apply to students who commenced their studies in winter semester 2023/24 or later. Details can be found in the FAQs on our website in the section "General examination deadlines for studying at THWS".*

*In this context, we want to particularly emphasise the **newly implemented and adjusted ECTS requirements applying to students who commenced their studies in winter semester 2023/24 or thereafter**:*

- *In bachelor´s degree programmes, students must complete/prove a minimum of 40 ECTS credits by the end of the 4th semester.*
- *In consecutive master programmes, students must complete/prove a minimum of 21 ECTS credits by the end of the 2nd semester.*

Failure to meet the stated credit point requirements leads to immediate de-registration by the end of the semester!

We thus call on to you as a student at our University to register for and participate in all examinations intended for the semester in question.

For more information about the registration for exams, please visit the section Exam registration on the webpages of the Department of Student Affairs (HSST).

Kind regards,

Your Department of Student Affairs (HSST)

- For more information, please look **section §37 of the General Examination Regulations (Allgemeine Prüfungsordnung, APO)**.
- **Registration deadline** for **grade improvement** will be also: **15.05.2024** (*same as **exam registration deadline***).

IMPROVEMENT OF GRADES

thws
Technical University of Applied Sciences Würzburg-Schweinfurt

§ 37
Grade improvement

(1) [1]With an application for grade improvement, a passed and graded examination with the exception of the Bachelor's/Master's thesis can be re-sat once. [1]The first re-sit must generally be taken within a period of six months from the announcement of the respective examination result. [3]The application for grade improvement must be submitted to the Department of Student Affairs (HSST) within the time period specified by the examination board.

(2) [1]During Bachelor's studies a maximum of four applications for grade improvement, during Master's studies a maximum of two applications in accordance with Paragraph (1) Sentence 1 are possible for one module examination per application. [2]If a submitted application for grade improvement exceeds one of these limits, the student must be informed of the inadmissibility of the application immediately by the Department of Student Affairs (HSST). [3]The order in which the applications are received is decisive. [4]An already approved application for grade improvement can no longer be withdrawn.

(3) The better result, either from the first attempt or a re-sit, will be taken as final grade.

- **For more information, please visit:** https://www.thws.de/en/services-and-support/application-enrolment-exams-internship/examinations-and-grades/

IMPROVEMENT OF GRADES

- During Bachelor's studies a maximum of four applications for grade improvement (one module exam per application) in accordance with Paragraph (1) Sentence 1 are possible

- The better result, either from the first attempt or a re-sit, will be taken as final grade.
