Ersti-ABC

A

Presence

Although attendance is not compulsory in most events, it is still advisable to go as often as possible. Of course, the temptation is great to simply stay in bed when the alarm clock rings, but if you pay attention in lectures, you will have less to do during exam time.

B

Library

The THWS library is represented in Würzburg and Schweinfurt. There you will be provided with literature and can also study in a concentrated manner at the workplaces. By the way, there is a traffic light system on the Bib website (https://bibliothek.thws.de) to see how many seats are currently occupied.

C

CampusPortal

In the CampusPortal of the THWS (https://campusportal.thws.de/qisserver/pages/cs/sys/portal/hisinoneStartPage.faces) you register for your exams and also receive your results. In general, you will have an overview of your academic achievements and upcoming modules. At the end of each semester, you must re-register for the next semester in the CampusPortal. You can also download documents such as the certificate of enrollment there.

Breath

Studying can be stressful and demand a lot from you. So that you can still master it successfully and enjoy something, you should just take a deep breath and relax in between. On our account and also on @gesundstudieren_inwue (https://www.instagram.com/gesundstudieren_inwue/) you will find helpful tips and exercises.

E-Learning

On the e-learning platform (https://elearning.thws.de/) you will find all the important documents about your studies. Scripts, exercises and general information. You can chat with your fellow students and lecturers there.

Financing

To help you get through your studies without money worries, the Studierendenwerk (https://www.studentenwerk-wuerzburg.de/geld) is available to advise you. It helps you with your BAföG application and offers information about student loans, insurance and other subsidies. And find out whether a scholarship (https://www.thws.de/beratung-und-service/stipendien/) is an option for you.

Bless you

Health during studies (https://www.thws.de/beratung-und-service/studentisches-gesundheitsmanagement/) is an important prerequisite. Pay attention to exercise and a balanced diet, even if everyday study life can sometimes be stressful. Stress also causes illnesses, so it's best to find a mental balance that helps you stay relaxed.

University Sports

Do you already know the University Sports offer? There you can participate as a THWS student. There are countless sports courses at several locations that you can try out. You can view the sports schedules and register on the University Sports website (https://hochschulsport-wuerzburg.de/).

Inform

During your studies, you have to be very independent and therefore also well informed. You can find information on all of the university's websites - but there are also many counselling centres that can support you. For example, there is the Academic Advisory Service (https://www.thws.de/beratung-und-service/studienberatung/studienfachberatung/) or the General Student Advisory Service (https://www.thws.de/beratung-und-service/studienberatung/) for each degree programme.

Work

Studying can be expensive, especially if you move for it. Therefore, many students are still looking for a temporary job. There are many opportunities here, from waitressing to working student jobs and there are also vacancies for student assistants at the university from time to time, which we post on our Instagram account (https://www.instagram.com/hochschule.thws/).

Card

Your student ID (https://www.thws.de/beratung-und-service/studentisches-leben/thws-card/) card (THWS-Card) has a number of functions. First and foremost, it is considered a semester ticket (https://www.swerk-wue.de/wuerzburg/infos-fuer-studierende/semesterticket) for public transport. You can also use it to borrow books from the library, pay in the cafeteria, use printers and much more. By the way, there are student discounts in many public places and leisure activities, for which you only have to show your ID. Just ask!

Literature

In the library (https://bibliothek.thws.de/) you can borrow literature for learning and homework, there is a wide range of options. You can check the library catalogue to see if the books you are looking for are on site. In addition, the THWS-Bib offers a wide range of e-books, some of which you can even download as PDFs. In their extensive range of training courses (https://dienste.bibliothek.thws.de/+kurse/), the staff will give you tips on literature research and how to deal with literature.

Refectory

In the many locations of the canteen there is delicious and inexpensive food - including vegetarian and vegan dishes. On the website of the Studierendenwerk (https://www.studentenwerk-wuerzburg.de/) you will always find the menus for the next two weeks.

NC (Numerus Clausus)

Many think that the "NC" is a certain grade that you have to achieve in order to be sure of getting a place at university. However, it is more complex: A degree programme with "NC" is restricted (https://www.thws.de/beratung-und-service/bewerbung-immatrikulation-pruefungen-praktikum/bewerbung/bewerbung-fuer-zulassungsbeschraenkte-bachelorstudiengaenge-nc/) because there is only a certain number of places available. These places are allocated according to various selection quotas.

Organize

In order not to lose track of your studies, you should structure your to-dos. In addition to classic to-do lists, there are also many useful tools that you can use to organize yourself digitally. In addition to your to-dos, you should also store or file your papers and documents neatly.

Scrutinies

You can find an overview of all examinations (https://www.thws.de/studium-an-der-thws/bewerbung-immatrikulation-pruefungen-praktikum/pruefungen-und-noten/) to be taken in the respective study examination regulations of your degree programme. It's best to read them carefully so that you don't miss any deadlines.

Qualification

Additional qualifications can leave a good impression on future employers. For example, the instructor's certificate (https://www.thws.de/weiterbildung/weiterbildungen/ausbilderschein/), which you can do at the THWS at a reasonable price.

Feedback

Once a semester, you have to re-register for the coming semester and pay the semester fee. Feedback (https://www.thws.de/studium-an-der-thws/bewerbung-immatrikulation-pruefungen-praktikum/rueckmeldung-und-zahlung-des-semesterbeitrags/) is provided via the CampusPortal. All information about this can be found on our website.

Studierendenwerk

The Studierendenwerk Würzburg takes care of the social well-being of all students in Würzburg, Schweinfurt, Bamberg and Aschaffenburg. It operates canteens, cafeterias and dormitories (https://www.swerk-wue.de/wohnen/aktuelles/wohnheime) and serves as a contact point for various concerns. In addition, it offers various counselling services (https://www.swerk-wue.de/beratung), including legal, social and student financing counselling, as well as a psychotherapeutic counselling centre.

Tutorial

In many modules, tutorials are offered by fellow students in higher semesters. Be sure to go there. It helps to have the topics explained again by another person and to do exercises. You can also ask your fellow students questions again if you didn't understand something so well.

Renews

If you move to Würzburg or Schweinfurt for your studies, you should and must re-register with the city. By the way, the city of Würzburg has the "Main Residence for Students" campaign (https://www.wuerzburg.de/studium/aktion-hauptwohnsitz), where you get a one-time refund of the cost of the semester ticket and on top of that you will receive a great voucher booklet.

Validation

You will receive your student ID (https://www.thws.de/beratung-und-service/studentisches-leben/thws-card/) card (THWS Card) by post in good time before the start of your studies. You then have to validate it on site at a vending machine at the university so that it is valid. You can find out where to find the machines on our website.

WIRELESS

The THWS provides WLAN (https://itsc.thws.de/itsc/hochschulweite-dienste/wlan-zugang/) to all members of the university. All you have to do is select the Wi-Fi "THWS" in your settings, enter your k number and password as your username.

Exmatriculation

Exmatriculation is the opposite of enrollment, i.e. the end of studies. This means that the student status officially expires. This can be done either ex officio or at one's own request.

Yoga

At first glance, yoga has nothing to do with studying, but it can help you a lot. Because yoga helps against stress and provides relaxation. You can also take part in yoga classes at the University Sports Center and the Student Health Management (https://www.thws.de/beratung-und-service/studentisches-gesundheitsmanagement/) often offers courses as well.

Quote

You have to quote from literature in the course of your studies, at the latest when you write your bachelor's thesis. On the website of the library (https://bibliothek.thws.de/) there is some information about the correct citation style, otherwise you can also find many tips on the Internet on the subject of citation. The training offered by the library (https://dienste.bibliothek.thws.de/+kurse/) can also help you with this.
